

NEW WATER SYSTEM—Bonny Oaks School is getting a new water system. Brainerd Water Works is installing the system for them and water from this organization will be used by the school. The old school water system will be used by the school laundry and the school barns. Shown watching the work are, left to right, H. T. Smith, maintenance superintendent for the county; Michael Adamson, 5; Malcolm Adamson, Bonny Oaks superintendent, and Ed Boriz, county plumbing and heating superintendent.
