

27 YEARS AT BONNY OAKS

T-7/6/58

Out at beautiful Bonny Oaks off Highway 58 this afternoon they'll do honor to a man the likes of whom comes along not often. He is Marion O. Hagan, assistant superintendent and business manager who is retiring after 27 years service.

Those who are interested in this county institution that itself came such a long way under such men as Dr. W. S. Keese, Marion Hagan and Malcolm Adamson, the present superintendent, should drop out to the school between the hours of one and four to pay their respects to this friend of children.

Bonny Oaks named its newest dormitory after Marion Hagan but this was only a material token of the love and affection held for him by literally thousands of boys and girls to whom love and affection was simply an indispensable gift in young life.

Long years of completely unselfish work have decreed Marion Hagan's retirement for reasons of health. He remains heart and soul of and with Bonny Oaks. And today it will be shown, we trust, that Bonny Oaks doesn't forget its friends.
